

Your Learjet and Raisbeck ZR LITE

Fly higher, faster and farther... and save fuel along the way!

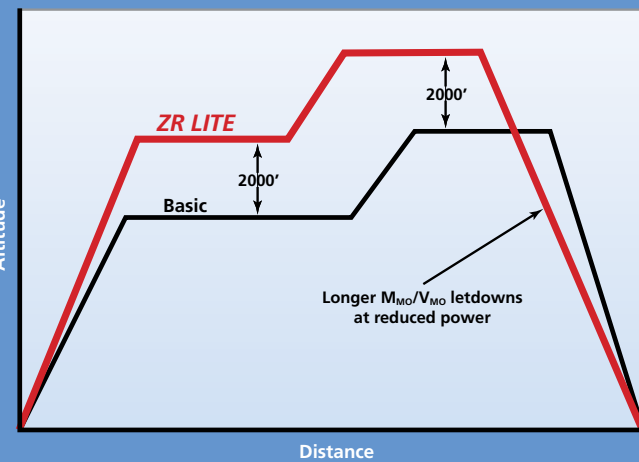

Learjet 31

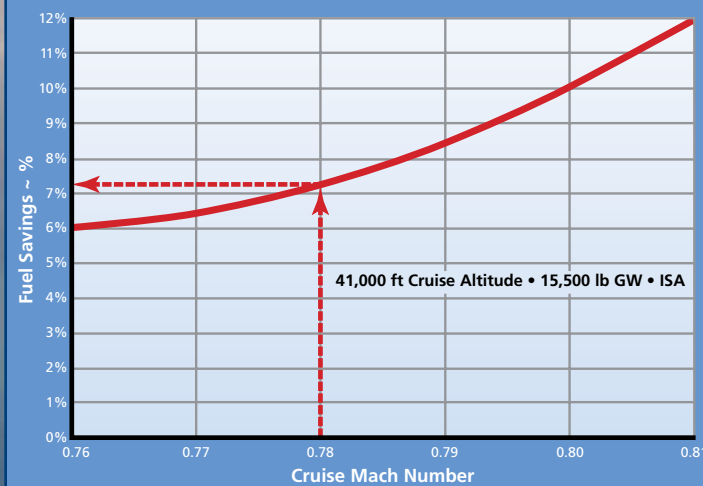

Learjet 35/36

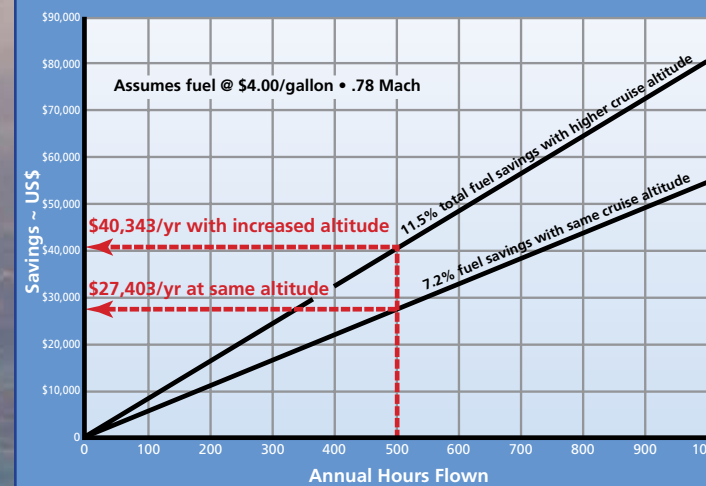

HIGHER, FASTER AND FARTHER

SAVE FUEL AT SAME MACH

25-30% ROI – EVERY YEAR

Increase the operational flexibility of your Learjet

- 2000 to 4000 ft higher
- .01 to .03 Mach faster
- 10% greater range
- 11% less fuel burn
- 25-30% ROI every year

For the first time in aviation history, aerodynamic improvements provide unmatched performance capability while returning 100% of your investment. And this return continues to pay year after year!

THINK RAISBECK!

It just makes good business sense!
