

RAISBECK C90 *EPIC* PERFORMANCE SYSTEM

THINK 10,500 LBS INCREASED GROSS WEIGHT

Achieve a competitive edge with the advanced technology made available to you from Raisbeck Engineering. Increased power, reduced drag, additional payload and unparalleled short field capability all result from our C90 *EPIC* for Beechcraft King Air C90 series aircraft. Think Raisbeck and enjoy the benefits that true “Performance Engineering” provides.

EASA approved and available for the new C90GT.
