

Raisbeck Engineering 2012 Customer Price List

EPIC PERFORMANCE PACKAGES

Raisbeck Performance Systems are engineered to enhance specific operational areas of your King Air. We package these systems in particular combinations to take advantage of the positive synergistic effect they produce on the overall performance of each King Air model. We call this strategic integration "EPIC" for its impressive performance, money-saving package pricing and resulting FAA-Approved flight manual supplement with documented performance benefits.

NOTE: If your aircraft is equipped with high flotation gear, Raisbeck High Flotation Gear Doors must be installed to be eligible for EPIC package pricing, and are required by the FAA approved EPIC Flight Manual Supplement.

EPIC	TFPS	RARS	EPL	DABS	HFGD	CWLS	Customer Price	Customer Savings	Installation Time
EPIC PLATINUM™ – King Air 200/B200/B200GT Series									
EPIC PLATINUM	●	●	●	●			\$ 136,566	\$ 27,971	195 hrs

Raisbeck Engineering 2012 Customer Price List

EPIC COMPLETION INCENTIVES

Raisbeck offers a pricing incentive for customers looking to complete the *EPIC* Performance Package on their King Air.
NOTE: Incentive pricing programs and offers cannot be combined.

EPIC Completion Incentives for King Air 200/B200/B200GT, C90 and C90GT Series

If one or more performance systems is required to complete an **EPIC PLATINUM** or **EPIC GOLD** (BB-1509 & subs/including BY-1 & subs), or a **C90 EPIC**, the customer will receive a **5%** reduction from the Customer Price per performance system purchased.

For example, if the aircraft needs the Ram Air Recovery System and Dual Aft Body Strakes to complete an *EPIC*, the customer would receive a total price reduction of **\$2,955** off the Customer List Price.

Crown Wing Lockers are also included when systems are purchased to complete an *EPIC*.

Incentive Pricing Example	Incentive Customer Price	Customer Savings
Raisbeck Power Props (TFPS)	\$ 69,323	\$ 3,649
Ram Air Recovery System (RARS)	\$ 37,297	\$ 1,963
Enhanced Performance Leading Edges (EPL)	\$ 30,835	\$ 1,623
Dual Aft Body Strakes (DABS)	\$ 18,855	\$ 992
High Flotation Gear Doors (HFGD)	\$ 39,738	\$ 2,091

EPIC + CWLS Completion Incentives for King Air 200/B200/B200GT/C90/C90GT/C90GTi Series

If an aircraft already has a complete *EPIC* installed and is ready to add Crown Wing Lockers, the customer will receive \$2,707 off the Customer List Price of Crown Wing Lockers for completing the *EPIC PLUS!*

Incentive Pricing Example	Incentive Customer Price	Customer Savings
Crown Wing Locker System (CWLS)	\$ 51,438	\$ 2,707

Bundled Pricing Advantage promotion: Raisbeck Power Props + Additional Systems

A customer who purchases a set of Raisbeck Power Props (TFPS) qualifies for a \$5,000 credit toward each additional Raisbeck Performance Systems, to a maximum of \$15,000 savings. All of the additional Performance Systems must be purchased and installed at the same time as the propellers.

EPIC GOLD Upgrade to EPIC PLATINUM for 200/B200/B200GT

At prop overhaul or any time, upgrade your Raisbeck *EPIC GOLD* to *EPIC PLATINUM* with Raisbeck/Hartzell Power Props (TFPS) and save \$15,000.

COMBINATION PRICING

Raisbeck System Combinations provide money-saving discounts for purchases of Wing Locker Systems and Dual Aft Body Strakes.

Crown Wing Locker System (CWLS)	\$ 54,145	105 hours

Raisbeck Engineering 2012 Customer Price List

TERMS OF SALE

Pricing

1. Prices are effective January 1, 2012 through December 31, 2012 and are subject to change without notice.
2. Prices listed are for the complete STC kit only and do not include:
 - Shipping
 - Installation labor
 - Instrument re-marking where necessary
 - Painting

Shipping

- 1. Customer-specified shipping**
 - Provide carrier, insurance coverage, account number and service level with your order.
 - Special arrangements can be made upon request.
- 2. Default shipping (if no preference is specified by the purchaser)**
 - Freight charges not billed collect are due prior to shipment.
 - Delivery time for standard service level varies depending on the destination.
 - All kits ship via standard service level with insurance.
 - Propeller assemblies drop-shipped from the Hartzell factory in Piqua, Ohio.
- 3. All shipments are FOB point-of-origin. Unless notified, all shipments will have insurance. However, insurance may not provide full replacement value.**
- 4. Drop shipments exported outside a dealer's country**
 - Due to the extensive amount of research required to ensure proper compliance with importing countries, Raisbeck Engineering will charge a \$300 fee to all dealers exporting Raisbeck Systems that require a drop shipment outside of dealer's own country.
 - Raisbeck Engineering reserves the right to reject a drop shipment request if we cannot determine compliance with the importing country or U.S. export laws.

Installation

1. Installation times noted are average hours only. Actual installation hours may vary. Due to variation in aircraft paint schemes, paint is not included in installation hours.
2. The purchasing dealer must complete the installation or have written off-site installation authorization from Raisbeck Engineering, Inc.
3. Prerequisites may be required for the installation of some systems or use of performance data.
4. Instrument re-marking is required for some Quiet Turbofan Propeller System installations and is not included in the "installation time."
5. Customers retain old propellers for resale or dealer credit.
6. The Dealer/Installer is responsible for acquiring all required materials that are classified as Hazardous Materials such as anti-static paint, sealants, etc.

Returns

All returns are subject to a 15 percent re-stocking fee; shipping costs are the responsibility of the customer.
