RAISBECK ENHANCING NEW AIRCRAFT: Jimmy Jack's *EPIC* B200GT

In August, we are sending all King Air 200 owners a reprint of *Twin & Turbine's* May cover story, entitled 'Meet My Move-Up: Jimmy Jack's King Air B200GT'. Mr. Jimmy Jack's longtime dream of owning and flying a King Air aircraft recently became a reality when he chose to take ownership of a brand-new production B200GT.

Scottish businessman Jimmy Jack poses proudly by his brand-new, Raisbeck *EPIC PLATINUM*-equipped B200GT.

After speaking with Hawker Beechcraft and several King Air operators, Jimmy decided to install Raisbeck's *EPIC PLATINUM*, High Flotation Gear Doors and Crown Wing Lockers prior to delivery, to maximize the performance and utility of the aircraft for specific missions. The magazine article details his decision-making process and experience with his *EPIC*-equipped B200GT.

In addition to the reprinted article as it appeared in the May issue, the back page provides a quick synopsis of a variety of performance benefits. Additionally, page six provides a description of each of the Raisbeck Performance Systems that comprise the *EPIC PLATINUM* Performance Package. We have extra copies of the reprint; if you would like some, let us know! The article is also available in PDF format on our website, www.raisbeck.com.

Price list update with CWLS and *EPIC* price reduction

As we eagerly await the certification of our Crown Wing Locker and Gross Weight Increase combination for C90s with the Hartzell/Beechcraft OEM 4-bladed

propeller, we have decided to offer the best of both worlds. Our already attractive

Our already attractive pricing for *EPIC* + Crown Wing Lockers has been reduced by \$10,000.

pricing for the *EPIC* + Crown Wing Lockers has been reduced by \$10,000 so these customers can also benefit from a FREE Gross Weight Increase with Crown Wing Locker + *EPIC* purchase.

Customers can view Raisbeck's current price list on raisbeck.com, and dealers can request a copy from sales@raisbeck.com if you are not sure you have the latest and greatest.

Attending Oshkosh?

Contact Tobin Shackelford (tobin@raisbeck.com) to meet and answer any of your Raisbeck related questions. Tobin has only been at Raisbeck for a few months but has extensive firsthand experience flying King Air 200s

and 90s before and after they were *EPIC* equipped, as well as time in a Raisbeck ZR *LITE*-equipped Learjet 35.

Raisbeck on the Road

The latest appearance of the Raisbeck roadshow was our stop in Dallas, Texas, to meet with the Hawker Beechcraft Services sales team, including Vice President of Sales Brian Campbell. What a dynamic group they were! They are ready to sell Raisbeck! Should Raisbeck visit your facility next? Let us know! ➔

Sales Manager, King Air Performance Systems

RAISBECK AVIATION HIGH SCHOOL

Board member James Raisbeck supports Museum of Flight as ground breaks on effort to bring a space shuttle to Seattle

NASA is looking for retirement homes for the space shuttles Atlantis, Endeavour, and Enterprise. The Museum of Flight in Seattle recently broke ground on a potential home for one of the shuttles that will hopefully be awarded within the next few months. What a great neighbor it would make for Raisbeck Aviation High School, which is scheduled to open its doors next to the shuttle's home in 2012! ➔

On Launch Pad 39A at NASA's Kennedy Space Center in Florida, Atlantis stands ready for launch on her final flight.

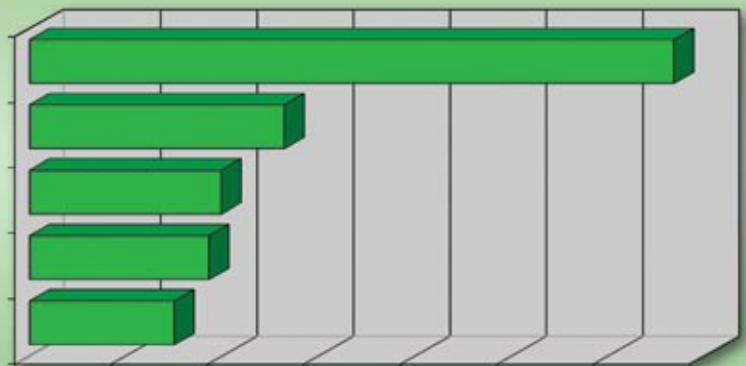

OTHER KING AIR NEWS

Max•Viz's EVS-1500 certified on King Air 200/300

Max•Viz, Inc. announced recently the award of STC #SA02372AK for installation of the Max•Viz EVS-1500 Enhanced Vision System on Hawker Beechcraft Corporation's line of King Air 200 and 300 series aircraft. This system helps the pilot not only navigate in tough environments, but also helps the pilot on the ground at spread-out airports with extensive taxiways. We applaud another Pacific Northwest company that is making the King Air even better. ➔

Top Dealers of 2010 (Year-to-Date)

- Hawker Pacific – Australia
- Inaer – Spain
- Elliott Aviation – Moline
- Duncan Aviation – Lincoln
- Turboprop East

BLIPS: Dealer news in brief

June provided a bounty of EPIC PLATINUM and Quiet Turbofan Propeller sales, thanks to *Manjinder Phull* and *Andrew Gibson* with Hawker Pacific, *Chris Charnley* with Hawker Beechcraft, *Steve Ericksen* with North Texas Aircraft, *David Harsay* with Cutter Aviation and *Jarred Whitfield* with Elliott Aviation.

These sales are as welcome as the summer sun in Seattle! ➔
